

This exploded view diagram illustrates the assembly of a water filtration system. The components are numbered as follows:

- 1-8:** Components of the first filter stage, including a housing (1), gaskets (2, 3), O-rings (4, 5), and a filter element (6).
- 9-17:** Components of the second filter stage, including a housing (9), gaskets (10, 11), O-rings (12, 13), and a filter element (14).
- 18:** The main filter housing body.
- 19-25:** Components of the third filter stage, including a housing (19), gaskets (20, 21), O-rings (22, 23), and a filter element (24).
- 26:** A small internal component, possibly a valve or seal.
- 27-30:** Components of the fourth filter stage, including a housing (27), gaskets (28, 29), O-rings (30, 31), and a filter element (32).
- 33-40:** Components of the fifth filter stage, including a housing (33), gaskets (34, 35), O-rings (36, 37), and a filter element (38).
- 41-48:** Components of the sixth filter stage, including a housing (41), gaskets (42, 43), O-rings (44, 45), and a filter element (46).
- 49-50:** Electrical components, including a power cord (49) and a power plug (50).
- 51-54:** Components of the seventh filter stage, including a housing (51), gaskets (52, 53), O-rings (54, 55), and a filter element (56).
- 57-61:** Components of the eighth filter stage, including a housing (57), gaskets (58, 59), O-rings (60, 61), and a filter element (62).
